Why should we go to the temple?

To learn swimming we go to a lake or a swimming pool.

Similarly, one who wants to develop Bhakthi (devotion) should go to the temple.

We should visualize a temple which is close to our heart. Focus that temple in our mind and offer flowers to the lotus feet of Bhagavan and worship him.

If we go to temple every week, we can clearly visualize the same in our mind and thereby Bhagavan stays with us forever. This is the key to climb the ladder of success.

Way to Successful Life:

Visualize the temple which you like the most and chant the below "mantra" (name of Bhagavan),

Om Namashivaaya Namo Namaha!
(or)

Om Narayanaaya Namo Namaha!
Om Sachithaanandaaya Namo Namaha!
Om Sathguru nathaaya Namo Namaha!

Greatness of Divine Mantra:-

Wisdom

The real Purpose of taking human form is to see Bhagavan within ourselves

- Saint Avvaiyaar

Saint Avvaiyaar says the reason we get birth on this earth is to see Bhagavan in the mind called "moolasthaanam" in our body by meditation to attain progress.

As fire covered by smoke

As mirror obscured by dust

As the embryo enveloped by the womb

Wisdom is hidden by selfish desires

- Bhagavan Sri Krishna

In order to attain wisdom and to remove the screen of desires one should chant the moola mantra in their mind and shower devotion to Bhagavan every day.

Key role of Parents

The parents should set an example to their children.

1. After waking up in the morning, washing the face and becoming fresh, one should meditate by visualizing the temple of our liking in the mind and offer flowers to the lotus feet of Bhagavan by chanting the mantra (name of Bhagavan),
